About Hollywood Hair & Beauty Salon - Founded October 13th, 2019 in Las Vegas, NV by Aynalem Getahum a native of Ethiopia and a woman whom overcame insecurities as a young child due to hair loss and homelessness when she moved to America. Aynalem's intention for Hollywood Hair & Beauty Salon is to help women explore natural beauty, natural healing and empowerment through self-awareness and self-love.

“As women, our outer beauty can sometimes determine our happiness and self-worth. We put a lot of work into enhancing our outer selves but not nearly enough work into our mental or spiritual health. “

We choose to celebrate our self-care by sitting our Beauty, Wellness, and Empowerment on a pedestal. We would love for you to join our journey, Sis. Tap in to see what we are all about.

Aynalem has over 15 years of experience in the beauty and fashion industries. Aynalem recently developed a natural hair care line called Hollywood Organic Beauty and a weave/hair extension line called Lovely Indian Hair, exclusive to Hollywood Hair & Beauty Salon.

Her exclusive line of Indian hair extensions, 100% organic hair care products and CBD oils and pain cream are

handcrafted with pure essential oils, botanicals and fair-trade ingredients. The plants from which her products are derived are farmed using the renowned method of biodynamics. Plants grow chemical free and are rich in active ingredients and nutrients.

Here at Hollywood Hair & Beauty Salon, we believe beauty should not sacrifice our health or wellbeing.

Our salon vision started with selecting non-toxic alternatives and blossomed into our inside-out approach to beauty.

The combination of Hollywood Hair & Beauty Salon stylists, quality products, and nurturing hair and scalp treatment offers unique salon services. Step into Hollywood Hair & Beauty Salon to be immersed in a relaxing, indulgent, and natural experience.

Aynalem also carries a Medical Wig line for individuals going through chemotherapy.

With all the tremendous support and love from the Vegas community, Aynalem was able to combine her two passions, the hair and beauty industry and non-profit support to people in need.
